Cannibal Creek Catchment Landcare Group

Cannibal Creek Catchment Landcare Group held two plantings in May and another 4 are planned for June. The May plantings were at the Lovers Lane Site in Garfield but this time at the Lone Pine Road end.

Our annual Community Planting Day in May was down in number of participants but 2100 plants were put in the ground and all were guarded.

Pakenham Secondary College plus 10 members of the group met on the Lone Pine Road site to put in another 500 plants.

In June there will be another School planting with Pakenham Secondary College and Neerim Secondary College are joining with them for the day.

Two companies will also join us for 2 plantings Cummins Engineering from Pakenham and Chobani from Cranbourne at the Lone Pine Site.

As the drought progressed causing the ground to be rock hard we were able to use another patch of land on the Lovers Lane site. This would have been unsuitable also if we had not had support from Holcim Quarry providing a truck to water the site weeks prior to the planting and regularly after the plantings to keep the plants going. We are very grateful to Tim the Manager and Paul the driver for the excellent job they have been doing.

Later in June we have a planting on private land in Tynong North which will add to the BioLinks in the Cardinia Shire. Another plus for the environment, thank you to everyone for their efforts.

As Victorians head outdoors to enjoy the King's Birthday long weekend, fire and land authorities are reminding campers and visitors to forests and parks to be safe around campfires

Forest Fire Management Victoria (FFMVic) Chief Fire Officer Chris Hardman said with cooler temperatures settling in, it might feel like the fire risk has passed, but with parks and forests remaining dry, campfires can quickly escape and become devastating bushfires.

After a warmer and drier-than-average autumn and normal rainfall expected this winter, the fire risk is higher than usual – particularly in parts of western, southwestern and southeastern Victoria.

“Even at this time of year, just one unattended or poorly managed campfire can cause serious damage to the environment and put lives and property at risk,” Mr Hardman said.

“This season, we’ve responded to more than 370 incidents involving campfires. This included the Boroka Lookout Fire, where an illegal campfire turned into a bushfire in difficult terrain, on the edge of the cliff diverting resources responding to bushfires in the Grampians National Park.

“With a little extra care around your campfire this long weekend, we can keep forests and parks healthy and safe for everyone to enjoy.

“Never leave a campfire unattended and use water to fully extinguish it – if it’s cool to touch it’s safe to leave.

Chief Conservation Regulator Kate Gavens said: “Campfires are a cause of bushfires that are 100% preventable and our authorised officers will be visiting campsites throughout Victoria’s parks and forests to make sure everyone is following the rules so we can all have a safe and enjoyable long weekend.”

Parks Victoria Executive Director of Operations Kylie Trott said: “We want people to get out and enjoy Victoria’s great outdoors, but unsafe campfires can have devastating consequences. It only takes one camper ignoring the rules to endanger the community and our environment.”

CFA Acting Chief Officer Garry Cook AFSM said while conditions over the weekend will also be an opportune time for residents to burn-off, extreme care should be taken to ensure enough water and resources are on hand to extinguish burns properly.

“Escaped burn-offs, particularly in the current dry conditions, continue to cause significant concern and great risk to our communities across the state,” he said.

“It is really important landowners have someone monitoring their fire activity at all times. Although cooler days are arriving, now is not the time to be complacent.

“This weekend, take a moment to check the wind forecast, ensure you’ve left ample room in your fire break and please register your burn-off online to help reduce unnecessary callouts to emergency services.”

Before hitting the road, people should be familiar with local campfire regulations and safety measures to help protect the environment and local communities at <https://www.vic.gov.au/campfires-stoves-and-bbqs>.

TALKIN' ...FISHIN'.....LIGHTENING THE LOAD

We all know how tempting it is to carry that extra piece of handy gear or that new fly or lure that's bound for glory.

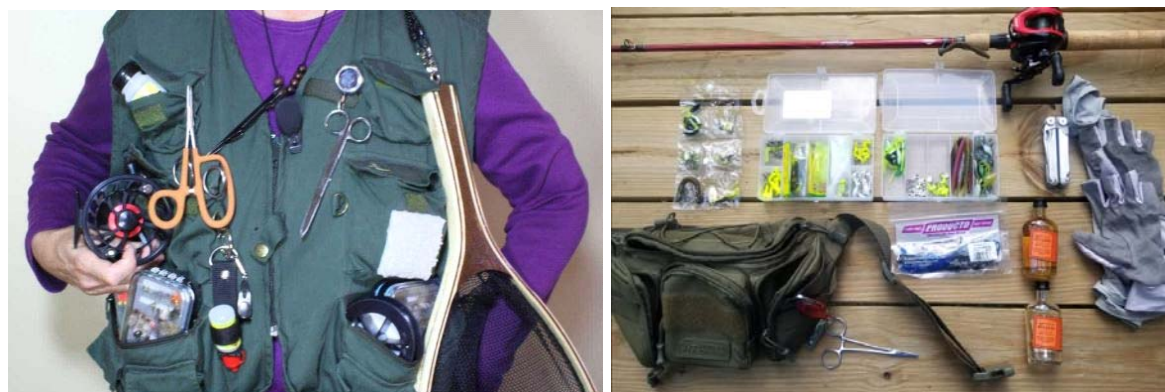

Unfortunately over a few years that habit ends up being a weight on your shoulders, 'literally'. There will come a time when you'll have to re-assess the whole situation and lighten your load. There is absolutely no reason to carry around or with you every piece of equipment or tackle you own.

Take your bucket, gear bag or fishing vest out of storage and empty the lot, strip it down to nothing! As much as a hoarder does you'll be amazed what you've been carrying or collected and had hidden away in those unseen pockets over a great deal of time.

Step 1. Put aside anything you haven't used or touched over the last 2 seasons. **Step 2.** Separate your lure/fly boxes and make up 1(alright 2) boxes out of all your tried and tested favourites, but small boxes, leave the rest at home for restocking the ones you lose or that fail to catch fish. Hooks, not so many and sinkers will be the worst but necessary culling of it all.

Step 3. Essential tools only now, those that you can't do without, tears will flow! **Step 4.** The really important part now, have your trusted fishing mate go over your choices again, this time without the emotional restraints. This will really test your friendship out!

Remember to weigh your pack or vest before you start, then after, this will be your personal achievement and your ultimate goal and test of a job well done. Don't try and sneak stuff back in, wait till you've done a couple of trips first and see if you're really missing something or is it an insecurity with a touch of O.C.D. thrown in as well? Avoid the word "spare". I'm sure you'll thank yourself for taking out the extra weight, bulkiness and buoyancy threat should you fall in. Try to avoid things creeping back in by making this a yearly thing as it's easier to keep things in check that way.

St.Thomas' Anglican Church A'Beckett Road Bunyip

There is plenty to celebrate in the month of June.

Sunday the 8th June is the **Day of Pentecost**. This marks fifty days since Easter Sunday and brings the season of Easter to a close. On the feast of Pentecost, we recall how the Holy Spirit descended upon the disciples after Jesus' ascension. This feast is often referred to as the birthday of the Church because, having received the Holy Spirit the apostles went out among the people to spread Jesus' message and establish the Church.

Sunday the 15th June is **Trinity Sunday**. And, on this day this day we celebrate the Christian doctrine of the Trinity, the three Persons of God: the Father, the Son, and the Holy Spirit.

On the 22nd June we will also hold our **Mid-Winter Festival**. This is always a great day to share faith, fellowship, good music and a mid-winter feast. All are welcome to join us.

REGULAR SERVICES AT ST. THOMAS

10am every Sunday: Eucharist followed by morning tea in the Parish Hall.

11.45 am every Wednesday: Mid-week Eucharist followed by lunch in the Meeting Room in Parish Hall.

ST. THOMAS' OP SHOP

Please note that the regular opening hours for our Op Shop are: Thursdays and Fridays from 10am to 2.30pm.
